Share your hopes for the future of Bexleyheath town centre

The Council is asking local people and town centre users to help it develop a draft Masterplan to guide future development in Bexleyheath town centre.

It's holding a community workshop so that residents and others can help inform the aims and vision of the Masterplan.

The workshop will be an opportunity to learn from peoples' experience, ideas, and aspirations, to understand what they value about Bexleyheath and what they would like to see change.

It will include engaging activities to find out what makes Bexleyheath special and explore the changes that can contribute to its future success.

The workshop will be held on Monday 8 July from 6pm to 8pm at the Central Library, Bexleyheath.

Due to the nature of the event, space is limited. If you would like to attend, please visit <https://tinyurl.com/BTCMworkshop> or call 020 3045 4973.

For further information please email SP>eam@bexley.gov.uk

Internet access is available free of charge at all Council libraries.
